MULTI-V
Multi-function tool,

1 TOOL

=

10 OPERATIONS

MULTI-V

This is the ideal tool for machine centres and NC processing machines.

- Combination of multiple machining process :
 - reduction in machine set-up time,
 - reduction of operating time.
 - less tool changes
- Improved performances :
 - fine cutting edge :
- Improved surface finish,
 - micrograin solid carbide :
- better resistance to wear and greater rigidity,
 - 30° spiral : facilitates chip removal.
- Easy storage :
 - fewer tools required,
 - less stock required.

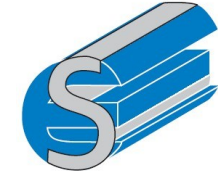

Magafor MULTI-V cutters are made from K15 Carbide and are also available with a **HARD'X** Coating to cut material up to 65HRC. Standard ranges include 90° point 0,5-20,0mm Ø with imperial options from 3/16 - 5/8" Ø, 60° point from 0,5 -20,0mm Ø, 120° point from 1,0-20,0mm Ø, 100° point from 6,0-16,0mm Ø and 40° point only available in 0,5mm Ø for the engraving sector.

Please contact our sales department for more information and pricing.

magafor Centre Drills

Magafor currently hold over 40% of the world market for centre drills. We currently stock the following centre drills from Magafor, Standard length HSS and Cobalt, Long and Extra Long HSS Cobalt centre drills and Form "B" Protected Centre Drills. **For more information and pricing please contact our sales department.**

Digital Dial Indicators

2103 & 2104

- Available in 12.7mm, 25mm and 50mm travel.
- 2103 = 0.001mm reading.
- 2104 = 0.01mm reading.
- Digital and Analogue display.
- Display can be rotated by 320°.
- Functions: tolerance GO and NO GO display, data pre-set, measurement direction change, maximum/ minimum/range measurement, inch/metric conversion, absolute/incremental measurement.
- Automatic power off.
- CR2032 battery.
- USB data output
- cable and flat back are optional.
- Supplied in storage case

Digital 3-Purpose Snap Gauge

2164-25

0-25mm x 0.01mm

R1,292.72 EX-VAT

Endoscope

ISV-1000D

Camera:

9mm Diameter, 0.3M Pixel, Resolution 640x480 , 30 Frames per second, IP57 waterproof with adjustable LED Light.

Monitor:

3.5" LCD, can be separated from main body, PAL video format, rechargeable battery.

Standard Delivery:

Main Body, Monitor, Camera attachments (Magnet, hook, mirror) SD Card, 4 x AA batteries, AV Cable, AC/DC Adapter, USB Cable.

5,5mm Ø Endoscope options are also available.

All this for only:

R6,088.00

Excluding vat, Delivery: ex-import.

- Adjustable reamers
- Adjustable snap gauges
- Angle plates
- Arbors
- Back spot facers
- Ball knobs
- Balls
- Ball nose slot drills
- Bevel protractors
- Blade micrometer
- Bore gauges
- Boring & facing heads
- Breather Caps
- Broaches
- Calipers
- Carbide end mills
- Center drills
- Center finders
- Center punches
- Circumference tapes
- Clamps
- Clamping elements
- Clinometers
- Clock gauges
- Cold forming taps
- Collar nuts
- Combination sets
- Compound sine tables
- Concave cutters
- Convex cutters
- Copy centres
- Corner rounding cutters
- Counterbores
