

Why INSIZE?

Here are key selling points as to why you should choose INSIZE:

- 1 INSIZE are represented in over 80 Countries worldwide.
- 2 INSIZE is dedicated to Quality, Innovation, Service and Value. INSIZE has a wide range of measuring products, and strives to present NEW products to the industry.
 - ←INSIZE→ *Standard quality - made in China.*
 - ←INSIZE→ *Premium quality - made in Germany or Italy.*
PLUS
- 3 All INSIZE products are 100% checked and tested before packing and warehousing.
- 4 INSIZE does in house calibration on a vast section of the range, traceable to German DKD or UK UKAS standards.
- 5 INSIZE has a reject rate of 0.25%, the factories that supply all the other brands have a reject rate of around 15%, that means for every 500 INSIZE calipers sent out 1.25 will be faulty, for the other Chinese brands that means 75 out of 500 will be faulty.
- 6 The ELECTRONICS for the 1108 Calipers are made in Taiwan, the 1108 Calipers are the same QUALITY as Mitutoyo.
- 7 INSIZE is the perfect product for the South African market, offering superior quality at a budget friendly price.

So, which brand would you rather supply YOUR customer?
