

Promotional offer valid until 31st December 2025

**Promotion valid for standard models with
Cylindrical, Morse and Weldon shanks.**

Poliprofile

List Price: R14,449.50

V/S

Promotion: R10,374.00

POLIPROFILE Head #1:

- **Capacity:** ■<5mm ◆<6mm
- **Strength:** <570 daN
- **Distance of broach:** 15mm

CODE:	REFERENCE:	DESCRIPTION:
06010106	POLIPROFILE1+C10	Broaching head with cyl.shank Ø10x40mm
06010104	POLIPROFILE1+C12	Broaching head with cyl.shank Ø12x40mm
06010103	POLIPROFILE1+C16	Broaching head with cyl.shank Ø16x70mm
06010102	POLIPROFILE1+C3/4"	Broaching head with cyl.shank Ø3/4"x70mm
06010107	POLIPROFILE1+C20	Broaching head with cyl.shank Ø20x70mm
06010112	POLIPROFILE1+C2040	Broaching head with cyl.shank Ø20x40mm
06010111	POLIPROFILE1+C22	Broaching head with cyl.shank Ø22x70mm
06010113	POLIPROFILE1+C2240	Broaching head with cyl.shank Ø22x40mm
06010114	POLIPROFILE1+C2540	Broaching head with cyl.shank Ø25x40mm
06010109	POLIPROFILE1+W10	Broaching head with weldon shank Ø10mm
06010108	POLIPROFILE1+W12	Broaching head with weldon shank Ø12mm
06010105	POLIPROFILE1+W16	Broaching head with weldon shank Ø16mm
06010110	POLIPROFILE1+W20	Broaching head with weldon shank Ø20mm

06010406	POLIPROFILE4+W25	Broaching head with weldon shank Ø25mm
06010407	POLIPROFILE4+W32	Broaching head with weldon shank Ø32mm

E&OE, All Prices exclude VAT

Superior Bearing System:

High-end matched angular contact bearings offer double the axial load capacity of other brands for greater performance and durability.

Modular Design:

Swap out shank types with one broaching head; flexible, efficient, and cost-saving.

Sealed Body Construction:

Prevents chip ingress, extending tool life.

Versatile Usage:

One head for both internal and external broaching—fewer tools needed.

Long-Term Value:

Unlike competitors who offer cheap heads but mark up broaches, INTEG I maintains competitive, balanced pricing across the entire system. Reducing total cost over time.

Poliprofile Features:

- Usable in all types of lathes and machining centres.
- Minimizes broach load thanks to the pendular system.
- High quality bearings to ensure a long tool life.
- Dust - tight body to prevent chips from entering the bearing area.
- Possibility to fit a die-holder for external broaching.

Suppliers of:

- ⇒ Knurling Tools
- ⇒ Burnishing Tools
- ⇒ Rotary Broaching
- ⇒ Thread Rolling Dies
